Prediction

Number 4 Ruled by Rahu

Dates Covered Under Ruling No. 4-4, 13, 22 and 31.

They are masters of unconventional ways of thinking and are different from what the other possesses and they have the power to bring out social reforms in the society. They are strongly opinionated people and do not bother much about what people would think of them. Egocentric, unpredictable, greedy, desires driven, non - conforming and difficult to comprehend are the kind of traits these people possess. They are true work-o-holics with a lot of things going on in their head and have excellent organizational skills. They are very rigid and stubborn which can turn their friends into few. They have a narrow mind-set & believe in traditions. They would have a lot of people around them but would confide only in a few. Scriptures, philosophy and religion interests them a lot. They have a love for art and love to buy all beautiful things. No. 4 has the ability to bring about unexpected situations in life but they handle the situations better than any other number. These people will only get involved in something when they are sure of the victory. They can go to any extent in the quest of knowledge and are always well- informed and updated. They can do very well in fields of research. Example - Sharne Warne, Anil Ambani, Amit Shah, Prakash Mehra etc.

Repetative Numbers

Repetitive Number 11 - Comparatively much balanced in their approach, people with two Number 1s in their charts find it easy to communicate and express their inner feelings. They have an ability to look at life in an unbiased manner, and are better judges of other people's point of views. This is also considered as the best quantity of Number 1s to have.

NUMBER 2

It is the first number on the emotional plane, and is often an indicator of a person's intuitiveness and sensitivity.

Repetitive Number 2 - Such people tend to be quite sensitive and intuitive, but can also be easily hurt. Blessed with an uncanny ability and discretion to see through other people's insincerity, these people are naturally good judges of others. The famous astrologer and the Doomsday Naysayer Nostradamus were born with one 2 in his chart.

NUMBER 4

A number that is practical and hard-working, 4 is associated with the qualities of labour and hands-on practical approach. It also indicates balance. No wonder that the natives with this number tend to be neat, tidy, prim and proper.

Repetitive Number 4 - People with this combination in their Numerology chart tend to be practical, earthy and basically good with manual work. They tend to enjoy 'hands-on' approach and such vocations. A more than practically needed emphasis on theories and imagination makes them impatient. The digit also relates to work like handicrafts and pottery, and even instrumental music. Such people also are good organizers.

Repetitive Number 666 -

Over-protective and possessive of their loved ones, people with three 6s tend to be borderline cases of extreme restlessness and stress. They also have a tendency to become negative, and thus they need constant motivation and encouragement. Blessed with considerable creative potential, they, thankfully, are able to release their emotional tension by pursuing interesting activities.

NUMBER 7

Situated at the bottom right-hand corner of the Life Pattern Grid, Number 7 represents sacrifice and indicates learning through the hard way or a loss.

Repetitive Number 7 - Such people are likely to learn the most important lessons of their life from either loss of love, possessions or health. As they learn from these experiences, they become more mature and interested in metaphysical or spiritual pursuits, along the way.
